#### Application Process

Please follow these steps to complete your application:

**My Application ID: 20110024**

- Step by step application
- Communication
- Documents
- Personal data
- FAQ

#### Document Management

Please use this page to upload the required documents. For every section, you may upload one or more documents. Every document may consist of one or more files. Example:

For the section Language Certificate you want to upload 2 different certificates, one English certificate and one German certificate. The English certificate consists of one PDF-File, the German certificate consists of 2 PDF files. I.e., you have to upload 3 documents (English Certificate and German Certificate) and for every document, you have to upload corresponding files.

- Curriculum Vitae (The curriculum vitae)**  
CV Fromm (uploaded)   
cv\_20110024\_01.pdf (2011-07-26 | 118.7 KB)
- Passport (Any document issued as a means of identification)**  
No documents assigned.
- Letter of Recommendation (Letter of Recommendation)**

[master@eit.h-da.de](mailto:master@eit.h-da.de)

Disclaimer: No responsibility is taken for the correctness of the information within this manual as well as for the provided links. Screenshot may differ from the real application.

# 1 Introduction

The online portal KOPLA is the entry point to the international master program in electrical engineering and information technology at the University of Applied Sciences, Darmstadt. It is used to enter the personal data of the applicant, upload all required documents for the application process and to communicate the application status between h\_da staff and applicant. The basic workflow is shown in the picture below:

This user manual provides a step by step description for using the KOPLA portal. Please follow the steps carefully for a successful application.

## 2 Registration

### 2.1 Create KOPLA Account

The first step is to create an account for KOPLA. For this, you need a valid email address which must remain valid during the complete application process. Your email address will be your account.

- ✓ Open the KOPLA webpage in your internet browser
- ✓ When entering the webpage for the first time, please choose „Registration“

The screenshot shows the KOPLA website interface. At the top right is the h\_da logo (Hochschule Darmstadt, University of Applied Sciences, fb eit, Elektro- und Informationstechnik). Below the logo is a navigation bar with 'Username:' and 'Password:' fields and a 'Login' button. On the left is a vertical sidebar with 'Home', 'Registration', and 'Login' links. A red arrow points to the 'Registration' link. The main content area is titled 'Apply now for a great program' and contains text about the Master of Science in Electrical Engineering (MSE) program, including its goals, typical functions, and a list of career paths.

The following screen will show up:

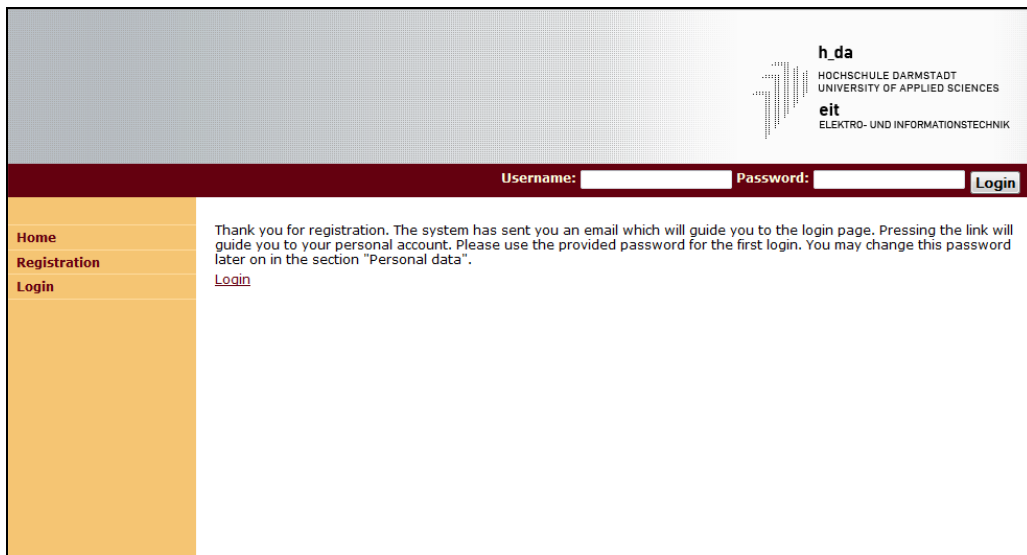

The screenshot shows the registration form on the KOPLA website. The header includes 'Username (Email):' and 'Password:' fields with a 'Login' button. The left sidebar has 'Home', 'Registration', 'Data storage agreement', and 'Login' links. The main content area is titled 'Registration' and contains the following text: 'Please enter your correct name, surname and valid e-mail address below. Name and surname must be spelled or transliterated exactly as in your passport. After agreeing to our storing your data and pressing the "Register" button, you will be sent an e-mail with a link guiding you to your personal account.' Below this is a 'Please note:' section: 'Register only once, under one e-mail address. Retain this e-mail address for all forthcoming information exchange. Refrain from applying more than once under different e-mail addresses. In such event, your registration may be disqualified and eliminated altogether.' The form fields are: 'Semester' (dropdown menu with 'WS 2011/12'), 'Application program' (dropdown menu with 'Please choose'), 'Surname' (text input), 'Given name' (text input), and 'E-mail' (text input). There is a checkbox for 'I accept data storage' with a link to 'Data storage regulations'. A 'Register' button is at the bottom of the form. A 'Login' link is at the bottom left.

- ✓ Enter the semester and programme for which you want to apply. Note: Depending on your background and bachelor degree, only certain programs are open. Check the application website for details or contact [master@eit.h-da.de](mailto:master@eit.h-da.de) in case of doubts.
- ✓ Enter your Surname (family's name) and your Given name (first name).
- ✓ Enter your e-mail address. **Note: your email address will be from now on your user name.**

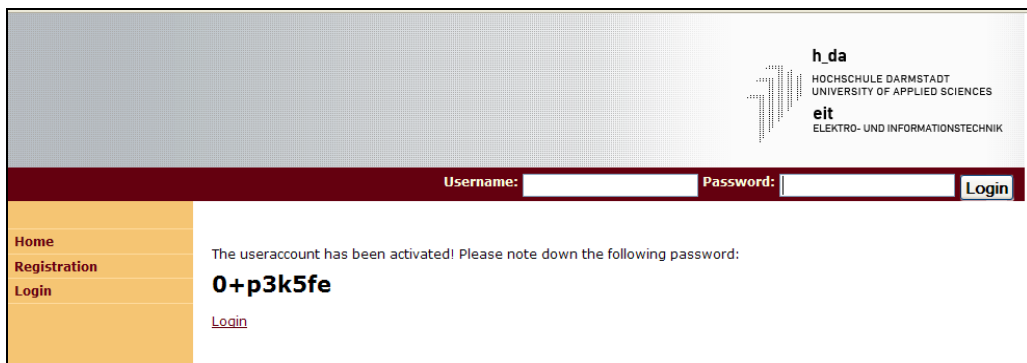

Note: Consequently, you cannot register twice under the same user name / email address. Equally, it is not allowed that one and the same person register twice under two different e-mail addresses. This will lead automatically to a rejection of your application. You are required to accept the storage and handling of your data to allow for proper processing. Storage and handling comply with German privacy protection legislation.

## 2.2 Get your password

- ✓ After completing your registration, click on the Register button, you will receive a link to your password via the provided email account.
- ✓ **Note: In case you do not receive the email, please check your SPAM folder (especially when using gmail) and the correct spelling of your email.**

- ✓ Clicking on the link in the email will open the page with the password. This password may later on be changed in your personal data section.
- ✓ In case the page shows "No data available", please refresh it (F5)

## 2.3 Request a new password

In case you lost your password, you can request a new password

- ✓ Enter your email without password and press the Login button

The screenshot shows the homepage of the IMSEIT application portal KOPLA. At the top right, the logo for Hochschule Darmstadt (h\_da) and the Faculty of Electrical Engineering and Information Technology (fb eit) is displayed. Below the logo, the text reads 'UNIVERSITY OF APPLIED SCIENCES' and 'eit ELEKTRO- UND INFORMATIONSTECHNIK'. A navigation bar contains a 'Username:' field with the value 'myemial@mail.com', a 'Password:' field, and a 'Login' button. On the left side, there is a vertical menu with the following items: 'Home', 'Registration', 'Data storage agreement', and 'Help'. The main content area features a large heading 'Welcome to our IMSEIT application portal KOPLA' and a sub-heading 'Application portal is open'. Below this, a paragraph states: 'This platform opens up to you at your fingertips the entire application process and all pertinent information exchange and communication with us.'

- ✓ A login mask appears which provides a link to request a new password

The screenshot shows the login mask of the IMSEIT application portal KOPLA. At the top right, there is a 'Username:' field and a 'Password:' field, both empty, followed by a 'Login' button. On the left side, the same vertical menu as in the previous screenshot is visible. The main content area has a heading 'Login' and a sub-heading 'User login'. Below this, the text reads: 'Enter your username and password here in order to log in on the website:'. There is a large grey box containing a 'Login' label at the top left, followed by 'Username:' and 'Password:' labels, each with an empty input field. Below the input fields is a 'Login' button. A red arrow points from the 'Forgot password?' link below the login form to the 'Login' button. The 'Forgot password?' link is underlined and colored red.

- ✓ Enter the email you have used for your registration and then proceed as described in the previous chapter „Get your password“

### 3 Login

Once you have created your personal account, you can use the system by entering your login (email) and password in the top bar. In case you entered a wrong email or password a login screen with additional options will appear.

- ✓ Enter your username (email address) and password

The screenshot shows the login interface for h\_da. At the top right, the university logo and name are displayed. Below this, a dark red navigation bar contains 'Username:' and 'Password:' input fields, followed by a 'Login' button. A red arrow points to these fields. On the left, a vertical navigation menu includes 'Home', 'Registration', and 'Login'. The main content area is titled 'Login' and contains a 'User login' section with the instruction 'Enter your username and password here in order to log in on the website:'. Below this is a form with a 'Username:' field containing 'arjun.tamiri@gmail.com', a 'Password:' field with masked characters, and a 'Login' button. A red arrow points to the 'Forgot password?' link below the form.

- ✓ Note: In case you forgot your password, please follow the Forgot Password Link in the Login Menu.

## 4 Personal data

The workflow graphic on the opening screen will guide you through the application process. The first step of the workflow is to enter your personal data. Please note that it is your responsibility to provide correct and complete data.

Before continuing, please note some important elements of the KOPLA system

- The menu on the left hand side provides direct access to the main functionalities
- The workflow graphic shows the progress of your application. Every phase consists of a link to the corresponding form (in the screenshot below the phase "enter your personal data" is completed and the candidate is busy uploading the required documents).
- The Application Overview in the lower part of the screen shows some relevant statistics, e.g. how many data fields have been completed, how many documents are uploaded etc. Note: if the workflow does not switch to the next phase, very likely some mandatory entries are still open (red)

### Language skills

Here you should detail your English, and, if applicable, German language proficiency.

### Education

Here you should detail you academic background.

Important: In the section Intended Program "Choice of major" the major you have selected upon applying for the program will be shown. You may only apply for one major. Your application will be evaluated considering this choice and an acceptance will only be valid for this major. It is not allowed / possible to apply for more than one major.

**Intended Program**

First choice of major subject

communications

### Experiences and ...

Here you should detail your academic, professional and life experience.

- ✓ Enter all required data in all tabs
- ✓ Save the changes by pressing the save changes button
- ✓ When you are finished, click the "Step by Step" tab on the left margin once again to see the workflow screen. Click "Done" only after entering and verifying all your Personal details.

Note: The system will check if all fields are completed. If this is not the case, an error message will be shown and you are requested to complete the missing fields. Enter a "-" in case no data can be provided.

## 5 Upload documents

### 5.1 Which documents are required

The next phase is uploading all required documents.

- ✓ Now click on “Documents” on the left margin or on the link in the workflow graphic to upload the required Documents.

The screenshot shows a web application interface. At the top right, it displays 'Username: arjun.tamini@gmail.com' and a 'Logout' button. On the left, there is a navigation menu with 'Documents' highlighted. The main content area features a message: 'You have been accepted !! Please confirm your acceptance at the HDa'. Below this is the 'Application Process' section, which includes a vertical flowchart with five steps: 1. Enter your personal data, 2. Upload your Documents (with a 'Done' button), 3. Documents complete, 4. Check in progress, and 5. Decision. A red arrow points from the 'Documents' menu item to step 2. To the right of the flowchart, it says 'My Application ID: 20110007'. At the bottom, there is an 'Application Overview' table.

Application Overview	
Total Mails:	0
Properties filled	30
Properties filled in Personal Data Section	14
Properties filled in Language Skills Section	3
Properties filled in Student Status Section	9
Properties filled in Experience Section	4

You are supposed to upload documents with regards to the following document categories:

#### Curriculum Vitae

- Your CV, containing your personal data, previous high school and university career, GPA, projects and any professional experience

#### Passport

- A scanned copy of your passport
- or, in case it is not available, any other official document with photograph (e.g. driving license)

#### Letter of Recommendation

- 2 letters of recommendation of your professor or employer

#### Degree Certificate

- Bachelor degree certificate (original and certified English copy)
- Any other relevant educational certificates

#### Language Certificate

- TOEFL or
- IELTS certificate or

#### Secondary School Certificate

- High school certificate

#### Statement of Intent

- Your own private statement, why you want to come to Germany and the h\_da. Describe your career plans. Be specific; do not copy general purpose statements from the internet.

#### Transcripts (Bachelor)

- Complete original transcripts of records of your bachelor study
- English translation (certified) of the transcripts of records of your bachelor study
- If existing, transcripts of courses undertaken in a master program (English)

## 5.2 Upload documents

The document upload screen looks as follows:

The screenshot shows the 'Document Management' page. At the top right, the username is 'arjun.tamiri@gmail.com' and there is a 'Logout' button. On the left, there is a navigation menu with 'Documents' selected. The main content area is titled 'Document Mangement' and contains instructions: 'Please use this page to upload the required documents. For every section, you may upload one or more documents. Every document may consist of one or more files. Example: For the section Language Certificate you want to upload 2 different certificates, one English certificate and one German certificate. The English certificate consists of one PDF-file, the German certificate consists of 2 PDF files. I.e. You have to create 3 documents (English Certificate and German Certificate) and for every document, you have to upload the corresponding files.' Below this, there is a list of document categories, each with a '+' icon and the text 'No documents assigned.':

- Curriculum Vitae (The curriculum vitae)
- Passport (Any document issued as a means of identification)
- Letter of Recommendation (Letter of Recommendation)
- Degree Certificate (Degree Certificate)
- Language Certificate (Language Certificate)
- Secondary School Certificate (Secondary School Certificate)
- Statement of Intent (Statement of Intent)
- Transcripts (Transcripts)

- ✓ Start by clicking on [+] of the respective category, to upload a certain document for this category. Several documents may be added to a single category
- ✓ In the following form, enter a name (for your reference only) and press Create Document. This will create a logical document in the KOPLA system

The screenshot shows the 'Document Management' page with the 'Create Document' form. At the top right, the username is 'fromm@eit.h-da.de' and there is a 'Logout' button. The main content area is titled 'Document Management' and 'Create Document'. The form has two fields: 'Document category' with a dropdown menu set to 'Curriculum Vitae' and 'Document title' with the text 'CV Fromm'. Below the fields is a 'Create document' button and a link 'Show document list'.

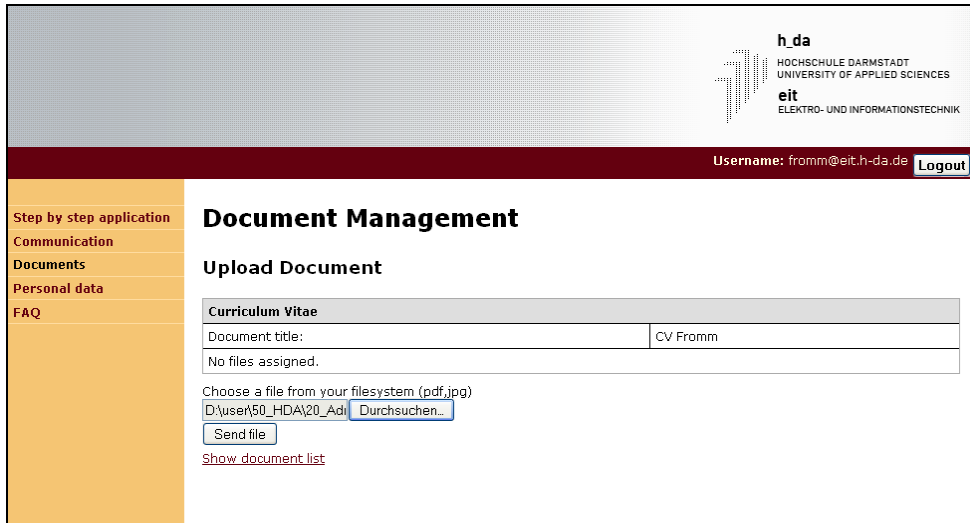

Once you have created this document, various activities are offered: ⊕ Show document, ✎ Edit document, 🗑 Delete document or ⬆ Upload document. The Upload function lets you browse through

your computer to search and upload a certain document in PDF. Once you have uploaded a document, you may further download it in case of need via  Download document.

- ✓ Press the upload button.

Please note: This document can be either a single PDF file (default) or a set of PDF files (e.g. in case every page is scanned individually). The maximum size of the files is limited.

- ✓ Select the required document by pressing the Browse / Durchsuchen Button
- ✓ Click the button Send file to store it in the KOPLA system
- ✓ The saved file is now visible in your document folder

Note: Upon uploading, the system will rename the file.

- ✓ Repeat this process for all required documents.

### Uploading several documents in one category

Now, in order to upload one more certificate under Language Certificate (say German), you need to click the "+" once again as follows:

The screenshot shows a list of document categories for upload. The categories are: Degree Certificate (Degree Certificate), Language Certificate (Language Certificate), Secondary School Certificate (Secondary School Certificate), Statement of Intent (Statement of Intent), and Transcripts (Transcripts). The Language Certificate category is highlighted with a red arrow and contains two items: 'IELTS (uploaded)' and 'lc\_20110007\_01.pdf (2011-05-28 | 12.12 KB)'. The other categories show 'No documents assigned.'

Now upload the German Language Document like other certificates before. This is how you upload Multiple Documents under single category ("Language Certificate" here).

This screenshot shows the same document upload interface, but now with multiple documents uploaded under the 'Language Certificate (Language Certificate)' category. The items listed are: 'Test Curriculum Vitae (uploaded)', 'cv\_20110007\_01.pdf (2011-05-28 | 12.12 KB)', 'IELTS (uploaded)', 'lc\_20110007\_01.pdf (2011-05-28 | 12.12 KB)', 'German (uploaded)', and 'lc\_20110007\_02.pdf (2011-05-28 | 12.12 KB)'. Red arrows point to the 'German (uploaded)' item and the 'lc\_20110007\_02.pdf' file.

### Missing Documents

- ✓ In case a document is missing, you may upload a PDF stating that the document is still missing and will be provided later on. But please note – complete documents will increase your chances of getting admission!

## 5.3 Finishing your application

### Upload complete

- ✓ Once you have completed this for all documents, please move again to the workflow screen (Step by Step application) and press the Done button.

From now on, your documents are frozen and cannot be changed anymore, unless unlocked by university staff. Therefore carefully check that your documents are complete before confirming this!

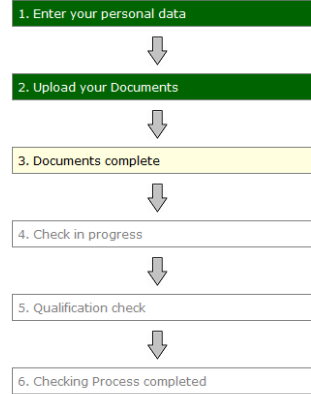

Once KOPLA has indicated, that documents are complete, you deserve a break. Your application data and your documents will now be examined by the Department's Admission Committee. Please be

patient. At this point no further action will be required on your part until further notice. We will usually collect documents for some weeks before we start with the checking process.

If your screen looks like this, everything is ok:

### Application Process

Please follow these steps to complete your application:

### My Application ID: 2160574

Application program: **International Master (4 semester)**  
Application semester: **WS2016**

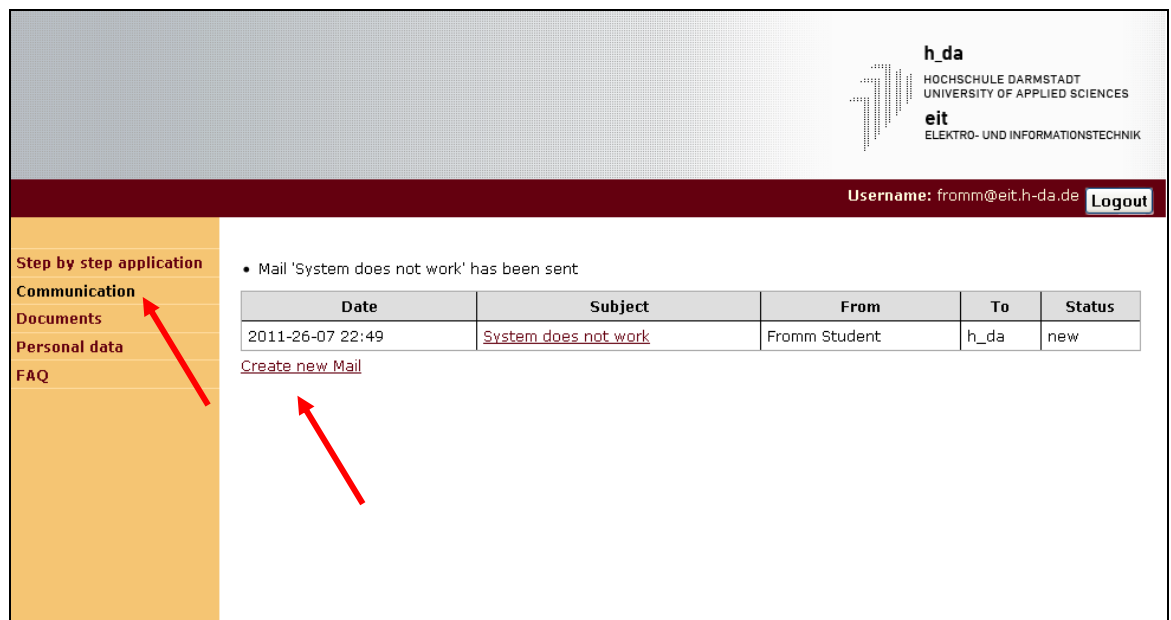

## 6 Communication System

In case you need assistance, please use the build in communication system.

- ✓ Click on the menu entry Communication. The overview page of the communication system will open – very similar to a webmailing system
- ✓ Click on the link “Create new mail” to send an email to h\_da staff. Please make sure that you clearly describe your need.
- ✓ h\_da staff will also use this system to communicate with you. Make sure that you check for new mails at least every other day. Click on the “Subject” link to read the content of the mail.

Netiquette:

- ✓ Before sending a question, please check all other sources of information, e.g, this manual, the FAQ section and the websites
- ✓ Avoid emails like “When can I expect an answer” – these will not be answered. During the rush hour, we get more than 100 applications a day. As a consequence, it may take a few weeks until all applications are checked. We guarantee, that all applications will be checked until the communicated deadline.

## 8 Acceptance Status

The workflow will show the status of your electronic document check.

- Electronic document check "In Process": Please be patient, your documents still have to be checked. Depending on the number of applicants, this may take a couple of weeks. Please do not send "query" emails, these will not be answered. We rather spent our time on checking the documents as fast as possible.
- Electronic document check "Accepted": Congratulations, you fulfill the application criteria of the H-DA. Please proceed with the next chapter
- Electronic document check "Accepted with restrictions": Congratulations, you fulfill the application criteria of the H-DA but some documents, typically English Certificate or a final Bachelor degree are missing. These must be provided until the matriculation at the very latest. Please proceed with the next chapter
- Electronic document check "Not accepted": We are sorry, but your qualification profile does not meet the requirements of our university.

In case of "not accepted" or "accepted with restriction", additional information will be shown on the right hand side of the workflow overview screen.

- As well as information on reception of your fees and similar

In the section "Further steps" you will find the information needed to finish your application.

- Sending in paper documents
- Payment of the administrative fee

Please follow these steps carefully!

<b>Step by step application</b>	<b>Finishing your application</b>
<b>Personal data</b>	
<b>Documents</b>	Congratulations, you have successfully passed the first and most important step in the application process.
<b>Communication</b>	On behalf of the Department's Admission Committee, I am pleased to inform you, that we have positively decided on your admission to attend our course Master of Electrical Engineering (MSE) you applied for. This admission is valid only for the semester and programme intake selected.
<b>Further Information</b>	
<b>International Students</b>	<b>Your remaining steps for a formal admission:</b>
<b>H-DA Bachelor Students</b>	This decision is subject to your producing the certified copies of your documents that you have submitted electronically, and, if applicable, of thus far missing final documents. Should you fail to produce these certified copies, your admission may be revoked.
<b>Further documents</b>	
<b>Private study</b>	Furthermore, the next steps of the admission process require you to pay an administration fee. Please note, that this fee have to be paid by every international student before the application will be processed further. Please be aware, that this fee cannot be refunded, in case you choose not to attend the program.
<b>FAQ</b>	<p><i>Prof. P. Fromm and Prof. H. Meuth</i> <i>MSE Program Directors</i></p> <p><b>STEP 1 - Adress Validation</b></p> <p>First of all, please re-check your personal data and correct / update it before sending os the paper documents. This step is <b>extremely important</b>, because the provided data will be transferred into the university database and it will also be used to send you the official acceptance letter. Some typical problem areas:</p> <ul style="list-style-type: none"> <li>• Correct spelling of your name. For the visa application, the provided name must be identical to your name as stated in your passport. The same is valid for your birth date and birth location.</li> <li>• The first letter of your name must be capital, all other letters must be small.</li> <li>• Make sure, that you have added your phone numbers!</li> <li>• Check, that every field contains only the data required for the field. Example ZIP code - a good entry would be "22326" (only the number), a bad entry would be "ZIP CODE 22376" (number plus the word ZIP CODE!)</li> </ul> <p>We will not check your data. We will also not resend any letters due to wrong personal data entries!</p> <p><b>STEP 2 - Sending paper documents</b></p> <p>Please submit in paper, as certified documents, and, if not in English, together with a certified translation, the following documents:</p>

### Further Documents

Here, you may download the softcopy of the acceptance letter and other required documents. If needed, you may also upload additional documents as requested by the Master Course Director, e.g. copies of embassy letters and the like.

### Private Study

Please check the program webpage [www.eit.h-da.de/mse](http://www.eit.h-da.de/mse) for additional information on preparing your stay.
